EXECUTIVE SUMMARY

In May 2022, The Ministry of Labour (MoL) began the process of recruiting the 2023 cohort of Pre-Apprentices. These apprentices are expected to begin their pre-apprenticeship training in public and private National Technical Colleges (NTCs) in January, 2023. As has been the practice since 2019, the process was managed by a Recruitment Committee, a coalition of NTCs across Malawi. The process was technically supported by TEVETA and the MoL provided an oversight role.

The 2023 recruitment process began with a recruitment planning meeting which took place from 23rd to 24th February, 2022. At this meeting, the committee developed a recruitment calendar, consolidated the declared college available spaces for applicants and set targets for applications and selection. Following this, the colleges distributed application forms throughout the country for interested candidates to apply. The recruitment was also advertised through various platforms such as newspapers, TV, radio and social media. The application window was from 18th April to 22nd July, 2022. After being filled by applicants, the application forms were submitted through 3 tally centres namely Mzuzu Technical College in the Northern Region; Lilongwe Technical College in the Central Region; and Soche Technical College in the Southern Region. Following this, the forms were screened, data was captured electronically and consolidated nationally.

In total, the recruitment committee received 4,411 applications (1,536 females and 2,875 males) which was 1,553 more than the 2,858 applications in the previous year. Despite the increase, there was still an overall decline from the scenario before 2020 and the COVID-19 pandemic. The applicants competed for 2,735 declared college spaces and 2,575 (1,116 female and 1,459 male) were selected as pre-apprentices. This represents a 58% selection rate.

It should be noted that the committee received 7 applications from the Children of the Nation (CTN). The organisation had offered to provide scholarships for the applicants for their whole training period. All the 7 were duly selected.

1.0 THE DETAILED 2023 PRE-APPRENTICESHIP RECRUITMENT PROCESS AND RESULTS

1.1 THE RECRUITMENT PROCESS

The recruitment process began with a stakeholder consultative planning meeting on 23rd to 24th February, 2022 to determine the number of apprentices to be selected, college capacities, and occupations to be offered. It also allocated resources and defined quality assurance parameters, among other matters.

Following this, The Ministry of Labour issued a general advert for the recruitment of the 2023 cohort of pre-apprentices. Colleges and courses offered were indicated on the advert.

Applicants were asked to submit applications to three tally centres which were Mzuzu, Lilongwe and Soche Technical Colleges. The application fee was K5,000.00 per applicant. Most of the forms were received through the post in these tally centres. The tabulated data from Soche, Lilongwe and Mzuzu Technical Colleges was merged to come up with a national database for use in the selection process. The TEVET Authority provided technical support throughout the process.

The selection data was submitted to the national selection committee comprising of Ministry of Labour, TEVET Authority and both public and private national technical colleges. Overlaps and duplicates in the database were attended to at this centralised meeting. This meeting selected the successful applicants through a merit based selection system. A selection booklet was produced thereafter. This booklet was submitted to the Apprenticeship Committee and thereafter to the Ministry of Labour for final approval. After this, the results were publicised to the general public.

1.3 ADVERTISEMENT

The 2023 call for applications was advertised in print, electronic (TV and radio) and social media and was also posted in strategic places. Females and applicants with disabilities were encouraged to apply. Selected females in male dominated trades would be eligible for scholarships. The minimum requirements were 16 years of age and possession of a Malawi School Certificate of Education (MSCE) or its equivalent.

1.4 APPLICATION FORMS DISTRIBUTION

Application forms were produced and distributed in all districts by the colleges and the TEVET Authority. Specifically, the applications were distributed to District/Town Councils (through TEVET Desk Officers), District Education and Labour Offices, NICE offices and Teacher Development Centres, where Primary Education Advisors collected them for further distribution in their areas of jurisdiction. The forms could also be downloaded from the TEVET Authority website and shared through social media. This process was done just before the advertisements were released.

1.5 DATA CAPTURING

Applications were received through the three tally centres. Upon receipt of the forms, clerks entered the data into a Microsoft Access database. Applications without necessary attachments (e.g., MSCE and proof of payment) as was indicated on the application forms were nullified at that stage. Data was subjected to rigorous quality checks during merging and cleaning stages. Only applicants who were in the database were eligible for selection.

1.6 SELECTION CRITERIA

The selection was done based on the criteria presented below:

- a) Applicants in possession of a Malawi School Certificate of Education or its equivalent;
- b) Pre-requisite subject combination at MSCE for particular programmes (e.g. for Electrical Installation and Electronics, Science subjects were required);
- c) In the event of a tie, consideration was made based on an applicant's Malawi School Certificate of Education subject scores;

- d) Affirmative action was considered for applicants with disabilities;
- e) Gender proportion of 50:50 for all trades was applied;
- f) Allocation to colleges was based on the choices of the applicant where possible; and,
- g) A Merit-based selection System of recruitment used.

2.0 STATISTICAL DATA FOR THE 2023 RECRUITMENT

2.1 RECRUITMENT TRENDS FROM 2013 TO 2023

Table 1 indicates a ten-year apprenticeship recruitment trend from 2013 – 2023. The total recruits have been steadily increasing over the years due to an increase in number of training providers and college spaces, except in the year 2021. In 2023 a rise was registered from 2,241 to 2,575 recruits. This is further shown in **Figure 1** below:

Table 1: *Recruitment Trend (2013 – 2023)*

NO	YEAR	MALES	FEMALES	TOTAL RECRUITS
1.	2013	782	302	1,084
2.	2014	889	394	1,283
3.	2016	1,073	413	1,486
4.	2017	1,208	563	1,771
5.	2018	1,079	681	1760
6.	2019	1,179	886	2,065
7.	2020	1,524	1,085	2,609
8.	2021	1183	754	1,937
9.	2022	1,286	955	2,241
10.	2023	1,459	1,116	2,575

Figure 1: Graph Showing Trend of Total Recruits from 2013 – 2023

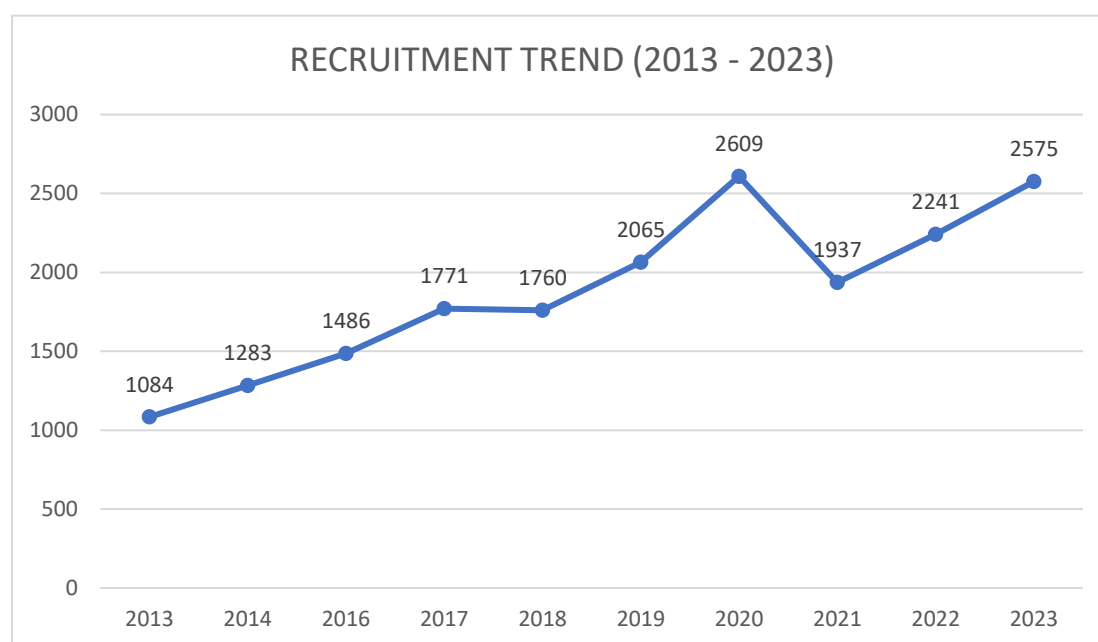

Figure 1 above shows the trend on recruitment figures from 2013 to 2023. There has been a substantial increase of recruits from 2013 to 2020 followed by a drop in 2021, a further rise in 2022 and this year.

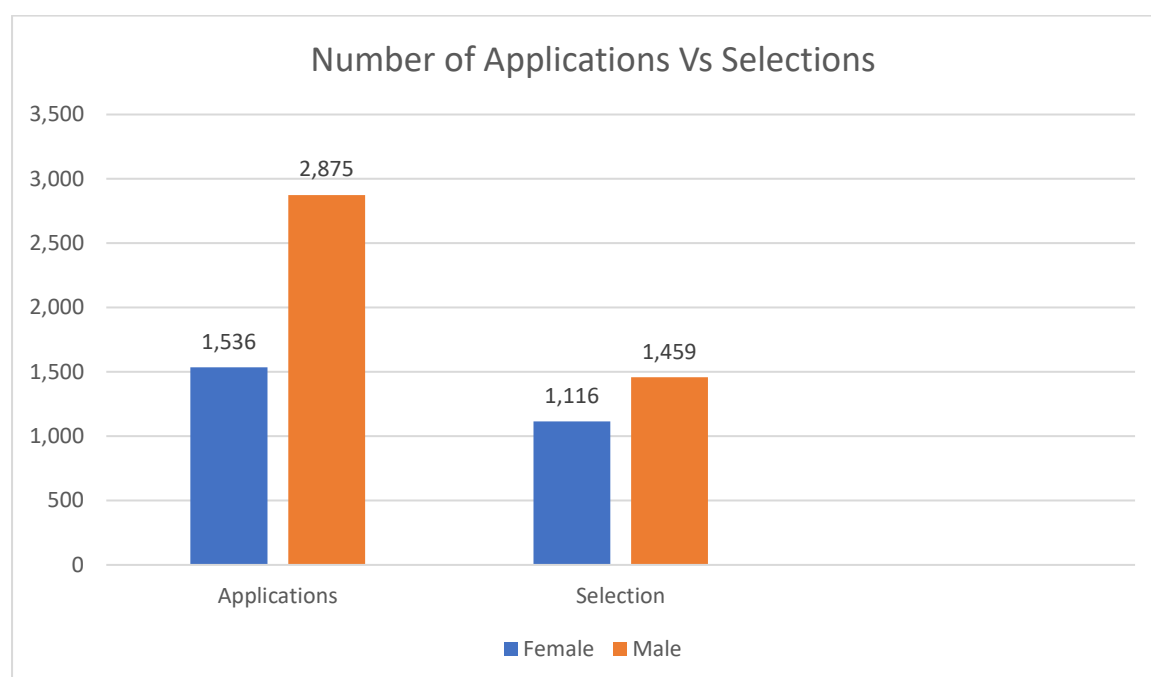

2.2 2023 APPLICATIONS VS SELECTION

Table 2: National summary by gender

	Female	Male	Total
Applications	1,536	2,875	4,411
Selection	1,116	1,459	2,575
Selection Rate	72.7%	50.7%	58.4%

Table 2 shows the 2023 Apprenticeship Recruitment national summary by gender. Out of 4,411 applicants, 2,875 were males and 1,536 were females. Of these applicants, 1,459 males were selected while 1,116 females were selected representing 50.7% and 72.7% respectively.

Figure 2: Number of Applications Vs Selections

2.3 APPLICATIONS AND SELECTION BY REGION

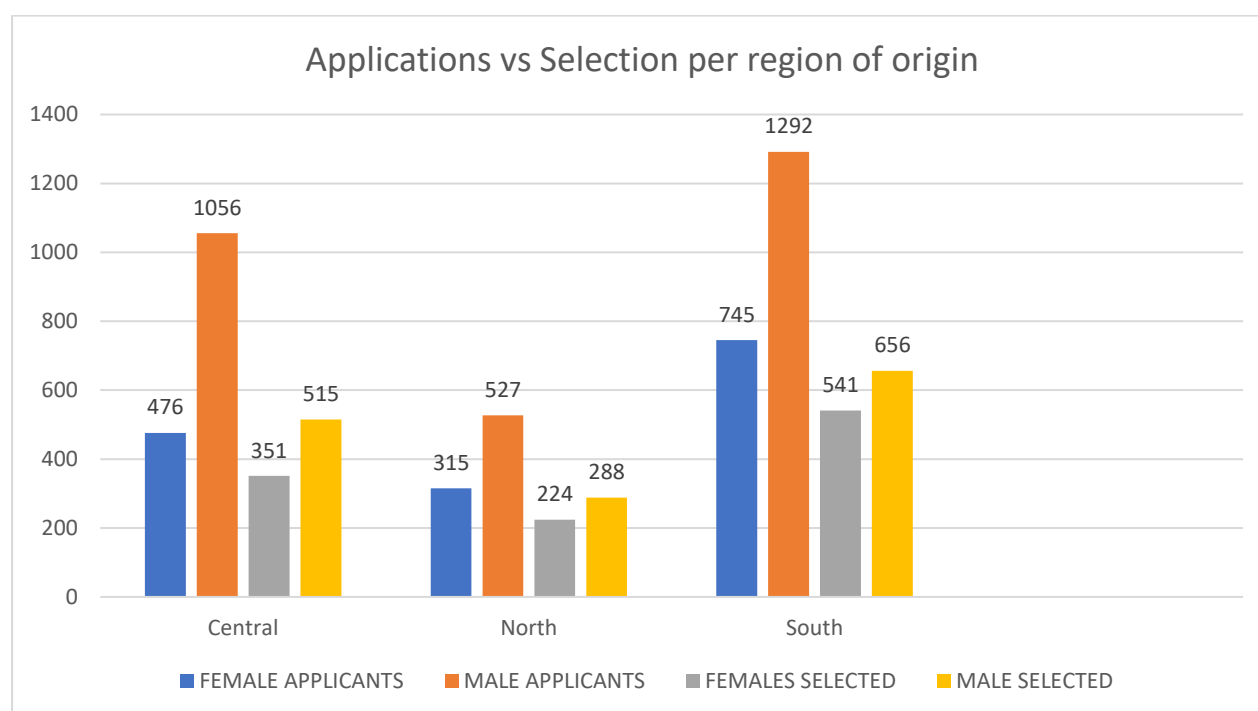

The majority of applications and those selected were from the Southern and Central region of Malawi as shown in the table and figures below:

Table 3: Applications and Selections by Region of Origin

REGION	APPLICATIONS			SELECTION		
	FEMALE	MALE	TOTAL	FEMALE	MALE	TOTAL
Central	476	1056	1532	351	515	866

South	745	1292	2037	541	656	1197
Grand Total	1536	2875	4411	1116	1459	2575

Table 3 shows the application and selection distribution per region also depicted in **Figure 10**. The southern region registered the highest number of applicants, 2037, followed by the central region at 1532. The northern region registered the least number of applicants at 842. Southern region also registered the highest number of selected pre-apprentices, 1197, followed by central region at 866 and northern region at 512.

Grand Total	1536	2875	4411	1116	1459	2575

Table 4 above shows the national applications and selection by district of origin. It shows that most of the applicants were from Lilongwe and Mzimba with 378 and 310 applicants respectively and most of the pre-apprentices selected are from Lilongwe and Zomba with 215 and 201 selected pre-apprentices.

Figure 4 shows the applications, selection and college spaces per occupation. The highest number of applications were for Automobile Mechanics while the lowest were for Cosmetology. In terms of selection, ICT registered the highest number while Tour Guide was the lowest. It should be noted that no candidates were selected for Vehicle Body Repair because it was established that no college was eligible to offer the course at the time of selection. Finally, Carpentry and Joinery registered the most college spaces while Wood Work Machining registered the lowest number of college spaces.

Figure 4: Number of spaces declared Applications and Selection

Note: Statistics analysed in the above figures are based on applicants' first choices as declared on their application forms. In certain cases, applicants' second choices were used to award them alternative trades.

The 2023 comparison of occupations demand against available college spaces shows high demand for Automobile Mechanics, Electrical Installation and Electronics, Information and Communication Technology, Plumbing, and Tailoring & Fashion Design (**see figure 4**). The disparity in occupation choices could be a result of applicants' apparent perception that some courses are more marketable than others. It could also be attributed to the fact that female applicants have a tendency to shun away from construction and engineering related occupations and tend to concentrate on trades deemed less technically demanding (soft skills than hard skills) like Administrative Studies, Tailoring and Fashion Design and Information and Communication Technology. However, there are few colleges offering the highly demanded courses compared to the number of applicants.

Table 5 shows the distribution of the selected pre-apprentices per trade by gender.

2.4 CANDIDATES WITH DISABILITIES

As depicted in the *Figure* below, a total of 27 (8 females and 19 males) applicants were confirmed to have various disabilities and were all selected, some on merit and others following an affirmative policy. This represents 1% of the total selected apprentices.

Figure 6:Percentage of Selected Apprentices with Disabilities

2.5 ADDITIONAL RECRUITMENT TO GRANT-AIDED COLLEGES

Through an existing arrangement between the Ministry of Labour and the grant-aided Technical Colleges, there were 25 applicants who were submitted by the Mzuzu Diocese of Catholic Church and were all selected to Mzuzu Technical College. The other grant aided colleges did not submit applications this year.

The table below shows numbers of students selected per trade. The list of the students has been dully incorporated in the normal selection list of the colleges.

Table 12 summarizes the details of the additional recruitment.
