# **TECHNICAL COLLEGE TRAINING**

## **NATIONAL SELECTION LIST**

**2024 Second Selection Results**

**16<sup>th</sup> March 2024**

## **EXECUTIVE SUMMARY**

Following the release of the 2024 national selection into Technical Colleges, the successful candidates began reporting for training on 8<sup>h</sup> January, 2024 and had a grace period of reporting up to 22<sup>nd</sup> January, 2024. After this reporting period, there was need to fill up training spaces in the colleges created by selected candidates who did not report for training and, hence, had their places nullified. As such, the recruitment committee conducted the second selection of pre-apprentices from 8<sup>th</sup> to 9<sup>th</sup> March, 2024.

Out of 7,256 who were selected during first selection, a total of 4434 apprentices reported for training, representing a 61% reporting rate. Of these, 2,201 are male representing 64% reporting rate for males and 2,233 are female representing 57.9% reporting rate for females.

The recruitment committee determined the need to fill 670 spaces in colleges, by rounding off class sizes to 25 learners for each course in both first and second streams respectively for all colleges across the board. In filling these spaces, the committee has selected 666 (335 female and 331 male) candidates from the database of pre-apprentices who applied for the 2024 intake. This represents 15% selection rate. A decision was made by the committee that all candidates recruited on second selection basis be on Stream 2, which is a non boarding status.

Four technical courses did not have any applicants at second selection because all applicants for the courses had been selected during the first selection. These courses are Bricklaying, Carpentry and Joinery, Wood Work Machining and Solar Photovoltaic Installation.

It should be noted that one additional candidate with disability has been selected in this round, out of two who were not selected during the first selection. The first selection had 69 selected candidates with disability, mostly based on affirmative action.

The selected candidates are expected to report for training from 15<sup>th</sup> to 27<sup>th</sup> April, 2024.
